

GAZELLI ART HOUSE

Since its launch in 2012, the *Window Project* has established itself as a significant platform for artists to display site-specific works on the windows of Gazelli Art House on 39 Dover Street, London. The spring 2017 edition is an open call for MA/post-graduate fine art and curatorial students.

Curators and artists working in all mediums are encouraged to submit proposals to present their work in the window space of the Dover Street gallery, which will run alongside the gallery's existing programme for approximately two weeks in April. As the work will be directly visible from the street, it should engage a wide audience.

The applicant will have full artistic ownership of all window, so proposals can be for one or two floors. Gazelli Art House is committed to offering logistical, practical and critical support to the artists.

Gazelli Art House is particularly interested in supporting young artists and curators, offering a platform for new, evolving work. We will dedicate this window space to emerging talent from the leading national art schools.
